

# Clarification on Inclement Weather Policy

---

## **Pro Shop Credit Games (including Weekly Payouts and CTP)**

If at least 40% of the players on the published tee sheet for the week decide not to finish the round due to inclement weather, then any games involving Pro Shop credit will NOT be paid out for the week. Those funds will be added to the yearly prize pool to be redistributed via future events in the year. Players who decide to complete their round should continue to enter their scores into the online scoring system as they will count towards their Men's Club Handicap Index.

## **Cash Games (including Weekly Skins and Member/Member Calcutta)**

To avoid adverse selection, any single event cash games will be treated as follows:

If you choose to enter the skins game (or buy a team in the Calcutta) and you (or the team) tee off in the competition, your money remains in the pot...regardless of how many holes are completed. There will be NO refunds of skins money or Calcutta money. So, please enter (or buy) at your own risk if the forecast calls for inclement weather.

## **Year-long Games (including Birdie Board and Hole-in-One Pots)**

Hole-by-hole scores will count any time a player tees it up for a Men's Club date on the event calendar. Even if a player does not complete the round, any completed holes will count toward these games. Please remember that Birdie Board can only count if you are playing your own ball in the event.

The Committee reserves the right to make exceptions to this policy in the event that the golf course is closed by the Pro Shop or maintenance crew.

For any additional questions, please reach out to the Committee via email at [fallsmensclub@gmail.com](mailto:fallsmensclub@gmail.com).
